

FHA Streamline – Non-Credit Qualifying

This matrix is intended as an aid to help determine whether a property/loan qualifies for certain financing. It is not intended as a replacement for FHA guidelines. Users are expected to know and comply with FHA requirements. FHA requirements are found in [FHA Handbook 4000.1](#). These guidelines may include overlays, which may be more restrictive than FHA requirements. A thorough reading is recommended.

Net Tangible Benefit	<p>The mortgagee must determine that there is a net tangible benefit to the borrower meeting the standards in the charts below for all Streamline Refinance transactions. A net tangible benefit is a reduced Combined Rate, a change from an ARM to a fixed rate mortgage, and/or a reduced term that results in a financial benefit to the borrower. Combined Rate refers to the interest rate on the mortgage plus the Mortgage Insurance Premium (MIP) rate. Reduction in term refers to the reduction of the remaining amortization period of the existing mortgage.</p>
