Ownership of other residential property

The borrower must not have an ownership interest in any other residential property as of the Note Date, except as stated below:

- If the borrower does not occupy the other property and the lender documents:
 - The borrower inherited their ownership interest in the property and shares ownership with another party, or
 - The borrower owns the property with another party and the debt associated with the property was assigned to the other party by a court order (e.g., a divorce decree), or
 - The borrower is a cosigner/guarantor on the related mortgage debt and someone other than the borrower has made payments on the debt associated with the property for the most recent 12 months, as documented with copies of canceled checks or a statement from the lender.

Rental Income:

Rental income from a 1-unit primary residence may be considered as stable monthly income provided it meets Freddie Mac guidelines or the following:

- Connection with borrower – The person providing the rental income and the borrower:
 - Have resided together for at least one year
 - Will continue residing together in the new residence, and
 - The person providing the rental income provides appropriate documentation to evidence residency with the borrower (e.g., copy of a driver's license, bill, bank statement, etc., that shows the address of that person to be the same as the borrower's address)
- Rental payment – Rental income from the person residing in the mortgaged premises:
 - Has been paid to the borrower for the past 12 months on a regular basis
 - Can be verified by the borrower with evidence showing receipt of regular payments of rental income to the borrower for at least 9 of the past 12 months (i.e., copies of canceled checks)
 - Must be averaged over 12 months for qualifying purposes when fewer than 12 months of payments are documented.
 - Does not exceed 30% of total income used to qualify for the mortgage
- The mortgage file must contain a written statement from the borrower affirming:
 - The source of the rental income
 - The fact that the person providing the rental income has resided with the borrower for the past year and intends to continue residing with the borrower in the new residence for the foreseeable future

Rental income that meets the above requirements may be generated from an accessory unit. In addition, refer to Chapter 5601 of Freddie Mac's Selling Guide for property eligibility and appraisal requirements.

Rental income from a 2-4 unit primary residence must meet Freddie Mac guidelines (5306.1).

Debt to Income (DTI) Ratios

DTI ratios are determined by Loan Product Advisor (LPA)

Calculation of qualifying income

The lender must attempt to verify all income reported on the URLA (Form 1003/1065) in accordance with Freddie Mac guidelines (sections 5302 through 5307). Any discrepancies, including underreported income, must be corrected before submitting the mortgage to LPA. All income reported on the URLA that has been verified and that meets the criteria for stable monthly income per Freddie Mac guidelines (topic 5300) must be used to qualify the borrower and must be submitted to LPA.

Credit

The borrower's credit reputation is acceptable if the mortgage is submitted to Loan Product Advisor and receives a Risk Class of Accept.
