
Saddleridge Fire

Mandatory evacuations are in place for communities north of Los Angeles County from the ongoing Saddleridge fire. Porter Ranch, Granada Hills North and a part Sylmar are under evacuation due to the fire.

In light of this event, Impac is temporarily ceasing funding off all loans in Porter Ranch, Granada Hills and Sylmar until further notice. We'll evaluate after the weekend when more information is available and make further determinations from there.

We thank you for your continued business.
