

Announcement 2021-08-25 FEMA Major Disaster Declaration for California - 4610

FEMA has issued a presidential disaster declaration for **California - 4610** designating counties as eligible for individual assistance.

Re-inspection will be required for properties located in zip codes and counties that are eligible for individual assistance for appraisals issued **prior to the incident start date of 07/14/2021 and continuing.** All property inspection products must affirmatively indicate there is no adverse impact to value, condition, or marketability as a result of the disaster, and must be dated <u>after</u> the published "incident end date" is obtained. Acceptable re-inspection documents include the appropriate DAIR, 1004D or appraisal product and must be ordered after the "incident end date."

- Exterior Inspections: Required for all re-inspections, including but not limited to earthquake fire, landslide, tornado, flood, and hurricane.
- <u>Interior Inspections*</u>: Required for all pre-closing FHA Full Doc Loans, flood, hurricane, and water related damage inspections regardless of "Exterior Only DAIR" designation below.

The chart below lists the required re-inspection type by loan product.

Announcement 2021-08-25 FEMA Major Disaster Declaration for California - 4610

Condo Requirements

<u>Fannie Mae, Freddie Mac and Non-QM</u>: In addition to the subject unit itself, a DAIR must also asses the condition of the building in which the unit is located and asses any damage to the condo project's common elements.

<u>FHA and VA</u>: No additional condo unit condo project requirements.

Incident Periods

Loan files containing appraisal reports with an effective date <u>prior to</u> the "incident start date" are ineligible for funding without an accompanying property inspection product dated <u>after</u> the "incident end date".

Loan files containing appraisal reports with an effective date <u>on or after</u> the "incident start date" are ineligible for funding without an accompanying property inspection product dated <u>after</u> the "incident end date".

Appraisal reports with an effective date <u>after</u> the published "incident end date" require no action and may fund provided there is no indication from the appraiser that there is an adverse impact on the property's value, condition, or marketability as a result of the disaster.

For originations <u>on or before</u> the "incident end date," Appraisal Waivers returned on the AUS Cert (e.g. PIW or ACE) may be used provided the appraisal Waiver language is present on the final AUS cert, and the accompanying property inspection product dated <u>after</u> the "incident end date" is obtained.

• For originations <u>after</u> the "incident end date," an Appraisal Waiver may be used provided it meets the same requirements notwithstanding the requirement to obtain the accompanying property inspection product (i.e. an accompanying property inspection is not required).

All property inspections products must be dated <u>after</u> the published "incident end date" to allow loan file funding.
