EPO Amendment Requirement for iQM Loans
October 18, 2017

Effective November 1, 2017, all iQM loans will require that the Early Payoff Amendment to the Broker Agreement has been signed and returned. If Impac has not received the signed addendum by that date, all new iQM registrations will not be accepted until the signed addendum has been received.

The terms of the EPO Amendment will go into effect on all new iQM registrations as of November 1, 2017.

We thank you for your continued business.
