FEMA Disaster Declaration Update for Georgia
(Hurricane Irma)
September 19, 2017

FEMA has issued an update to the presidential disaster declaration for Georgia – 4338 - designating **2** more counties as eligible for individual assistance. Counties now eligible for individual assistance include: Camden, Chatham, Glynn, Liberty and McIntosh. As a reminder:

Re-inspections from the appraiser for properties located in zip codes and counties that are eligible for individual or public assistance will be required for appraisals issued prior to the date of the last received FEMA disaster declaration update for that particular county. Refer to the updated *FEMA Disaster Declaration for Florida* attached to the announcement which provides the specific dates when counties were added to the declaration.

Refer to an update for the *Appraisal Re-Inspection Requirements Announcement* issued today for re-inspection documents required for properties damaged by the hurricane.

Note: the appraiser *must* comment that the property is free from damage and that the disaster had no effect on the property. Any damage noted on the appraisal must be resolved before proceeding with closing the loan.

We thank you for your continued business.

If you have questions, please contact 855-GO-IMPAC (855-464-6722).
