VA IRRRL Case Number Assignment

January 31, 2018

To avoid delays in moving forward with VA IRRRLs submitted to Impac, we will begin requiring that the broker obtain the VA Case Number on VA IRRRLs. An updated *Wholesale Non-Qualifying FHA Streamline or VA IRRRL Submission* form will be available on the website shortly requiring a copy of the VA Case Number Assignment be included with the loan submission. Additionally, including the mortgage payoff with the submission helps expedite the process.

Impac will continue ordering case numbers for regular VA loans.

We thank you for your continued business.
