Vesting as a Limited Liability Company (LLC)

May 4, 2018

The iQM Investor loan program now allows the borrower holding title in the name of an LLC to vest in the name of the LLC. This will be limited to an entity in which the borrower(s) is the sole member/manager or a husband and wife member/managers. The borrower on the loan application must be an individual or a husband/wife with authority to bind the LLC, as documented on the Operating Agreement.

Look for the updated iQM Investor loan program on [Impac's Wholesale website](#).

We thank you for your continued business.
